

# David F. Klinge, MA, RPA

Chief Operations Officer/Regional  
Manager/Principal Investigator

CULTURAL • ENVIRONMENTAL • HAZARDOUS  
EVALUATION & CONSULTING

## PROFESSIONAL RESPONSIBILITIES

Mr. Klinge has over 20 years of experience in cultural resource management and Section 106 compliance. Mr. Klinge serves as the primary point of contact for northern Ohio clients and oversees all environmental tasks. He tracks day-to-day company operations, manages the Ohio regional offices, and also serves as Principal Investigator and Project Manager. He is responsible for coordinating the activities of all employees across the company and ensuring that each region has the capacity and capabilities to provide our clients with the best possible product. As a Project Manager and Principal Investigator, Mr. Klinge is responsible for all phases of project development from proposal to execution to help client projects achieve environmental compliance.
