

Douglas S. Terpstra, MS

Project Manager/Principal Investigator-Architectural Historian

PROFESSIONAL RESPONSIBILITIES

Mr. Terpstra is responsible for conducting all phases of the Section 106 process, including conducting literature reviews, conducting fieldwork and report preparation for reconnaissance and intensive level surveys, preparing documentation for consultation, participating in consulting party coordination, preparing memorandums of agreement, and participating in the completion of mitigation products. As principal investigator for architectural history, Mr. Terpstra reviews work of subordinate architectural historians, helps to prepare proposals, manages schedules and budgets, and participates in marketing activities.
