

Kevin Schwarz, PhD, RPA

Project Manager/Principal Investigator-Archaeology

PROFESSIONAL RESPONSIBILITIES

Dr. Schwarz has over 25 years of experience. He is responsible for overseeing field investigations, artifact analysis, and reporting for transportation-related projects in Ohio, Kentucky and Indiana. He also has taken a role in the same region for private development projects, airport, US Forest Service projects, and energy-related projects. Typically, he is involved in scoping and costing projects, interacting with clients to serve their needs, and coordinating the performance of projects. He writes many reports, or portions of them and reviews and edits others. He oversees artifact analysis and curation on the projects he is running. He also helps implement ASC' Group, Inc.'s quality control process. Finally, Dr. Schwarz takes an active part in discussions with agencies of proposed archaeological investigations, interaction with consulting parties, and in the development of memoranda or agreement and data recovery plans.

Education

Southern Illinois University-Carbondale, PhD Anthropology
 Southern Illinois University-Carbondale, MA Anthropology
 Ohio University, Athens, Ohio, BA Anthropology
