

# Harry S. Nikides

## Indiana Regional Manager

CULTURAL • ENVIRONMENTAL • HAZARDOUS  
EVALUATION & CONSULTING

### PROFESSIONAL RESPONSIBILITIES

Mr. Nikides has been the Indiana Regional Manager for ASC Group, Inc. since 2016. He is responsible for developing and maintaining client and agency relationships and directing the regional office staff regarding the creation of work scopes and project budgets. He also oversees all Indiana regional projects to ensure that the projects are completed on time and within budget constraints.

### EXPERTISE

- Extensive experience coordinating with local, state, and federal governmental agencies and is well acquainted with regulations as applicable for natural resources issues in the state of Indiana.
- Unique understanding and perspective for environmental issues and permitting with DNR, IDEM, and the Corps of Engineers. Developed the watershed-based river enhancement portion of the \$1.1M Lake and River Enhancement program as Assistant Director of the Division Soil Conservation, Indiana Department of Natural Resources.
- While at the city of Westfield, for over seven years he managed the city's storm water program including inspection and plan review staff. He also was responsible for the environmental aspects of the US 31 project in Westfield/Washington Township, working closely with INDOT and its prime consultant and subcontractors through the design phase and then with contractors and subs through the construction phase. He managed and coordinated a \$60 million city park project that covered 360 acres and involved five different design consultants, an environmental permitting consultant, with more than eight contractors working on site at one time during construction. For more than 10 years, he managed the design review, environmental permitting, and inspection of hundreds of new developments with a small staff of inspectors and a plan reviewer.
